INTERIM FINANCIAL INFORMATION AND INDEPENDENT AUDITOR'S REPORT

ON REVIEW OF INTERIM FINANCIAL INFORMATION

FOR THE THREE-MONTH PERIOD ENDED MARCH 31, 2026

Independent Auditor's Report on Review of Interim Financial Information

To the Shareholders and Board of Directors of Infraset Public Company Limited

I have reviewed the interim financial information in which the equity method is applied of Infraset Public Company Limited and the interim separate financial information of Infraset Public Company Limited. These comprise the statement of financial position in which the equity method is applied and separate statement of financial position as at March 31, 2026, the related statements of comprehensive income in which the equity method is applied and separate statement of comprehensive income, statement of changes in shareholders' equity in which the equity method is applied and separate statement of changes in shareholders' equity, and statement of cash flows in which the equity method is applied and separate statement of cash flows for the three-month period then ended, and the condensed notes to the interim financial statements. Management is responsible for the preparation and presentation of this interim financial information in which the equity method is applied and separate financial information in accordance with Thai Accounting Standard No. 34, "Interim Financial Reporting". My responsibility is to express a conclusion on this interim financial information in which the equity method is applied and separate financial information based on my review.

Scope of Review

I conducted my review in accordance with Thai Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information in which the equity method is applied and separate financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard No. 34, "Interim Financial Reporting".

INFRASET PUBLIC COMPANY LIMITED

CONDENSED NOTES TO THE INTERIM FINANCIAL STATEMENTS

FOR THE THREE-MONTH PERIOD ENDED MARCH 31, 2026 (UNAUDITED BUT REVIEWED)

1. GENERAL INFORMATION

Infraset Public Company Limited (the “Company”) was incorporated in Thailand on May 8, 2006 in accordance with the Civil and Commercial Code and transformed the Company into a public company on March 22, 2019. The Company is principally engaged in the construction of data center and information technology systems, telecommunications and transportation infrastructure, maintenance and other services, and trading of telecommunications and other equipment. The Company has its head office at 165/37-39 Ramintra Road, Anusawari, Bang Khen, Bangkok.

On October 8, 2019, the Stock Exchange of Thailand endorsed the listing of the Company’s ordinary shares in the Market for Alternative Investments (MAI) and on March 11, 2022, the Stock Exchange of Thailand endorsed the listing of the Company’s ordinary shares in the Stock Exchange of Thailand (SET).

2. BASIS FOR PREPARATION OF THE INTERIM FINANCIAL STATEMENTS

The interim financial statements have been prepared in accordance with Thai Accounting Standard No. 34, Interim Financial Reporting.

The interim financial statements consist of primary financial information (i.e. statement of financial position, statement of comprehensive income, statement of changes in shareholders’ equity, and statement of cash flows). The Company has chosen to present the interim financial statements in a format consistent with the annual financial statements, in compliance with Thai Accounting Standard No. 1, Presentation of Financial Statements. The notes to the interim financial statements are prepared in a condensed format. Additional notes are presented as required by the Securities and Exchange Commission under the Securities and Exchange Act.

The interim financial statements have been prepared in the Thai language and expressed in Thai Baht. Such interim financial statements have been prepared for domestic reporting purposes. For convenience only, for the readers not conversant with the Thai language, an English version of the interim financial statements has been provided by translating from the Thai version of the interim financial statements.

The interim financial statements have been prepared to provide information in addition to that included in the financial statements for the year ended December 31, 2025. They focus on new activities, events and circumstances to avoid repetition of information previously reported. Accordingly, these interim financial statements should be read in conjunction with the financial statements for the year ended December 31, 2025.

..... Director

(Mr. Sakboworn Pukkanasut)

..... Director

(Mr. Metha Chotiapisitkul)

The preparation of the interim financial statements in conformity with Thai Financial Reporting Standards requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying amounts of assets and liabilities that are not readily apparent from other sources. Subsequent actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised, if the revision affects only that period, and in the period of the revision and future periods, if the revision affects both current and future periods.

3. MATERIAL ACCOUNTING POLICIES INFORMATION

The interim financial statements are prepared using the same material accounting policies information and methods of computation as were used for the financial statements for the year ended December 31, 2025.

The revised financial reporting standards which are effective for fiscal years beginning on or after January 1, 2026, do not have any significant impact on the Company's financial statements.

7.1 During the year 2023, the Company entered into provide to service contracts with a company, the total contract value of Baht 559.01 million. The condition terms of the 1st repayment is Baht 77.42 million within 90 days from the last work delivery period. The 2nd - 3rd installments are Baht 5.15 million each and the 4th - 11th installments are Baht 58.91 million each, with repayment every 6 months from the last work delivery period. These bear interest rates at 3.75 - 3.84 per annum. As at March 31, 2026 and December 31, 2025, the Company has provide the accumulated services to such company totaling Baht 382.25 million and Baht 362.93 million, respectively.

7.2 During the year 2022, the Company completed construction of the Data Center and received a letter of acceptance from the project owner. Therefore, the Company transferred the contract assets to installment contract receivable totaling Baht 394.96 million. The term of repayments is 82 monthly installments from the last period of delivery of work. The 1st - 6th installments are Baht 6.24 million each, the 7th - 13th installments are Baht 4.00 million each, the 14th - 34th installments are Baht 6.24 million each, the 35th - 61st installments are Baht 6.67 million each, the 62nd installments are Baht 9.84 million, and the 63rd - 82nd installments are Baht 0.43 million each. These bear interest rates at 4.16% - 6.42% per annum. The project is constructed on the Company's land. The Company is obligated to register the transfer of land ownership to the customer after the last installment is paid in full.

During the year 2024, the installment contract receivable defaulted on its payments and submitted a payment plan notification letter to the Company dated July 31, 2024. Based on such default, the Company recognized expected credit losses amounting to Baht 18.35 million for the year ended December 31, 2024, which was included in profit or loss.

During the year 2025, the installment contract receivable further defaulted on the payment plan notification letter as above. In January 2026, and the installment contract receivable has requested negotiations and submitted a new payment plan notification letter to the Company dated February 2, 2026. The condition term of repayments will be made at the end of every month, the first installment is in February 2026 and the final installment is within June 2028.

During the first quarter of 2026, the installment contract receivable defaulted on the repayment again. Thus, the Company appointed its legal counsel to issue a demand letter to the installment contract receivable dated March 19, 2026. Later, on May 7, 2026, the Company received a letter from the installment contract receivable confirming that the remaining outstanding balance will be fully repaid within June 2026. Currently, the Company is still in the process of following up on the repayment from the installment contract receivable. However, the Company's management has considered the expected credit losses from such the installment contract receivable and believes that unrecorded portion does not have a material impact on the Company's financial statements.

7.3 As at March 31, 2026 and December 31, 2025, the Company has mortgaged the Company's land and is authorized and transferred the right to receive the installment contract receivables for repayment loan from financial institutions as collateral for short-term and long-term loans credit facilities from financial institutions (Notes 13 and 15).

Unbilled receivables are recognized when the Company records revenue for fulfilment of a contractual performance obligation before the customer paid consideration or before the requirements for billing as at the reporting date. From considering the aging of unbilled receivables, the long-outstanding balances of unbilled receivables came from long-term projects. Unbilled receivables are mostly from government, state-enterprise, and the private companies who the Company is subcontractors. Therefore, the Company's management considered that the Company is exposed to low credit risk and opines that unrecognized expected credit loss of unbilled receivables does not significantly impact the Company's financial statements.
